

List for Line Tuner Spare Parts Revision 0

| Part Description | AREVA/Ritz Part Number |
|--|------------------------|
| Protection unit, without drain coil and with 100nF blocking capacitor | 301236.0001 |
| Protection unit, without drain coil and with 150nF blocking capacitor | 301236.0002 |
| Protection unit, with 25mH drain coil and with 100nF blocking capacitor | 301236.0003 |
| Protection unit, with 25mH drain coil and with 150nF blocking capacitor | 301236.0004 |
| Protection unit, with 100mH drain coil and with 100nF blocking capacitor | 301236.0005 |
| Protection unit, with 100mH drain coil and with 150nF blocking capacitor | 301236.0006 |
| Low-inductance L-unit, with inductance continuously adjustable between 7uH and 1.7mH | 301237.0001 |
| Medium-inductance L-unit, with inductance continuously adjustable between 40uH and 4mH | 301237.0002 |
| High-inductance L-unit, with inductance continuously adjustable between 35uH and 30mH | 301237.0003 |
| Low-capacitance C-unit, with one set of 6 capacitors, each having a value of 1nF connectable in several ways to cover the 166pF...6nF range | 301238.0001 |
| Double low-capacitance C-unit, with two sets of 6x1nF capacitors, each of them connectable in several ways to cover the 166pF...6nF range | 301238.0002 |
| High-capacitance C-unit, with one set of 6 capacitors, each having a value of 10nF, connectable in several ways to cover the 1.66nF...60nF range | 301238.0003 |
| Double high-capacitance C-unit, with two sets of 6x10nF capacitors, each of them connectable in several ways to cover the 1.66nF...60nF range | 301238.0004 |

AREVA T&D

| Part Description | AREVA/Ritz Part Number |
|---|-------------------------------|
| Low-inductance, low-capacitance L/C unit, with one inductor (inductance: 7uH...1.7mH) and one set of 6x1nF capacitors | 301239.0001 |
| Medium-inductance, low-capacitance L/C unit, with one inductor (inductance: 40uH...4mH) and one set of 6x1nF capacitors | 301239.0002 |
| High-inductance, low-capacitance L/C unit, with one inductor (inductance: 35uH...30mH) and one set of 6x1nF capacitors | 301239.0003 |
| Low-inductance, high-capacitance L/C unit, with one inductor (inductance: 7uH...1.7mH) and one set of 6x10nF capacitors | 301239.0004 |
| Medium-inductance, high-capacitance L/C unit, with one inductor (inductance: 40uH...4mH) and one set of 6x10nF capacitors | 301239.0005 |
| High-inductance, high-capacitance L/C unit, with one inductor (inductance: 35uH...30mH) and one set of 6x10nF capacitors | 301239.0006 |
| | |
| Impedance matching transformer (overhead line) | 301240.0001 |
| Impedance matching transformer (underground cable) | 301240.0002 |
| Heater | 301459.0001 |
| Cabinet w/o base plate | 301457.0001 |
| Base Plate | 301460.0001 |
| Mounting rails (2) long | 301456.0002 |
| Mounting rails (2) short | 301456.0001 |
| Top mounted entrance bushing | 301458.0001 |
| Bottom mounted entrance hub | 300111.0007 |
| Bottom mounted entrance nut | 300306.0003 |
| Spare jumper kit | 301374.0001 |
